

Eleanor Reed, R.P.F.

Member, Ontario Professional Foresters Association

## Forestry Business, **Lands & Forests Consulting**, Orillia Office

As **operations manager** for **Lands & Forests Consulting** Eleanor is responsible for sustainable tree marking and private woodlot sales, harvest supervision, realty assessment and forest management planning for the Managed Forest Tax Incentive Program in the County of Simcoe, the City of Kawartha Lakes, and the Regions of Haliburton and Muskoka.

Eleanor has acquired extensive and varied forestry experience as a Registered Professional Forester in British Columbia (1983-1988), Alberta (1988-1996) and Ontario. She is a Province of Ontario Certified Tree Marker and has worked for a variety of employers in the forest industry, with several levels of government, and small business. Eleanor has accomplished a wide range of experience in the forest industry from planting trees to regeneration surveys, from cut-block layout to harvest supervision, and from data collection to forest management planning.

As an Instructor at Sir Sandford Fleming College in Lindsay in the Forest Technician Program, Eleanor has taught on the subjects of Entomology & Pathology, Soils, Tree & Shrub Identification and Urban Forestry and brings to **Lands & Forests Consulting** these forest related resources.

**Lands & Forests Consulting** mark and markets standing timber on private and municipally owned woodlots in the southwest and central region of Ontario. Eleanor has completed many Managed Forest Tax Incentive Plans developing unique and comprehensive woodlot plans that will meet each landowner's personal goals and objectives.

## Ecological Restoration of Oak Savannah and Tallgrass Prairie

With **Lands & Forests Consulting**, Eleanor achieves continued success for the recovery of endangered habitat throughout Ontario by applying fire in ecological, silvicultural and wildlife restoration applications. These prescribed burns have taken place in High Park & Lambton Park in the City of Toronto's endangered Oak Savannah lands on a yearly basis, City of Windsor Ojibway Park, Brant & Rural Lambton Stewardship Network, Hamilton's Royal Botanical Gardens and Rainbow Cottages in Peterborough.

Eleanor has been the Secretary of the local Maple Syrup Producers Association for several years and helps organize the Lindsay Woodlot Conference.

**Education** Bachelor of Science in Forestry, University of Toronto 1983

**Lands & Forests Consulting**, Orillia Office
