

## John Todd

Forestry Business, **Lands & Forests Consulting**, Paris, Office

As operations manager for **Lands & Forests Consulting** in the southwest and central region of Ontario, John is responsible for sustainable tree marking and private woodlot sales, harvest supervision & woodlot theft investigation, realty assessment and forest management planning for the Managed Forest Tax Incentive Program. John has thirty-one years experience with the Ministry of Natural Resources and seven years private forest management expertise and is a Province of Ontario Certified Tree Marker.

John is a licensed Fisheries & Wildlife Management Technician, a component essential to **Lands & Forests Consulting** in managing ecological and environmental restoration habitat forest and wildfire.

**Lands & Forests Consulting** mark and market standing timber on private and municipally owned woodlots in the southwest and central region of Ontario. John has completed many Managed Forest Tax Incentive Plans developing unique and comprehensive woodlot plans that will meet each landowner's personal goals and objectives.

As a certified Instructor for the Ontario Police College, John has operated as a Provincial Offences Prosecutor, Investigator and Interviewing Specialist for the Ministry of Natural Resources.

### Ecological Restoration of Oak Savannah and Tallgrass Prairie

With **Lands & Forests Consulting**, John achieves continued success for the recovery of endangered habitat throughout Ontario by applying fire in ecological, silvicultural and wildlife restoration applications. These prescribed burns have taken place in High Park & Lambton Park in the City of Toronto's endangered Oak Savannah lands on a yearly basis, City of Windsor Ojibway Park, Brant & Rural Lambton Stewardship Network, Hamilton's Royal Botanical Gardens and Rainbow Cottages in Peterborough.

### Wildfire Training & Suppression

John has successfully worked on a variety of forest fires acting as an Initial Attack Fire Boss, Service & Transportation, Division and Sector Boss and on prescribed burns responsible for Ignition and Suppression. His fire expertise has ranged throughout Ontario during eighteen years experience with the Ministry of Natural Resources.

John is a certified Head Instructor for the Forest Fire-fighting Crew Member Training Program and has instructed on the SP-100 fire-fighting courses since 1999. He is a licensed chainsaw operator and has his WHMIS, TDG, First Aid and Radio Operators Certificate.

**Education** Ontario Forest Technical School, Forest Technician Diploma
